

UNIBODY-HX

HIGHLIGHTED FEATURES

- Heavy Duty - Contractor Grade Dump Body Design
- HARDOX - High Quality, Long Lasting Steel Material
- Smooth Clean Sides And Tailgate For Ease Of Maintenance And Space For Signs Or Decals.
- Integrated Cabshield And Tarp Housing

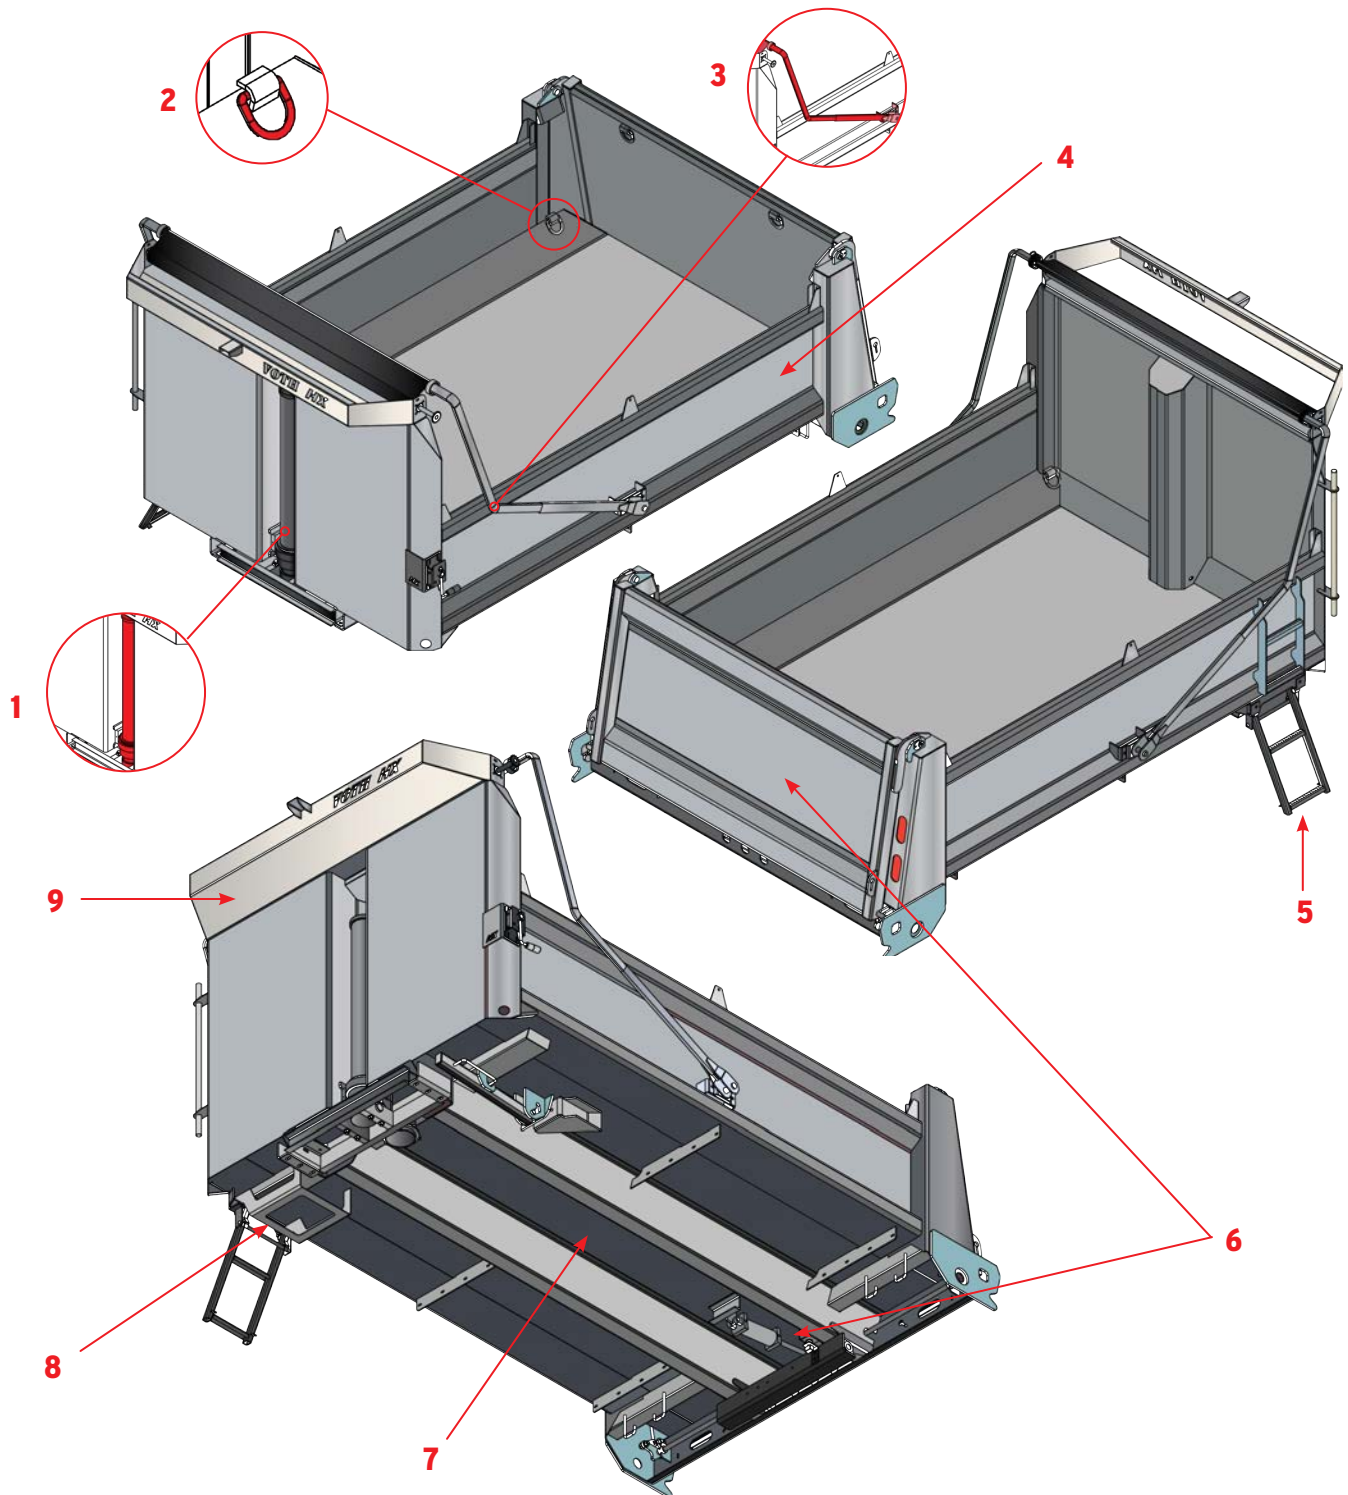

The Unibody HX is a contractor-grade dump body engineered for heavy-duty hauling applications. It is constructed using industry-renowned HARDOX 500 and HARDOX 450 abrasion-resistant steel across critical structural components, including the sides, tailgate, headboard, and floor. The integrated unibody design delivers a streamlined appearance while maximizing structural integrity, durability, and operational efficiency during high-impact dumping operations.

S1123-HX001-WHITE-VTB

LENGTH	12'3"
