Voth Truck Bodies serves Canada and the U.S. with steel, aluminum, and hybrid truck bodies. Supporting a variety of industries, Voth has built a strong relationship with the landscape and tree care industries with their unibody dump body design and a range of chipper body and forestry body designs. A member of Drive Products Manufacturing, Voth Truck Bodies are now manufactured in three facilities across Canada. In addition to Voth's signature line of truck bodies, these facilities also manufacture Kargo King Roll-Off Systems, Big Max Roll-Off Systems and more.
