DUMP INSERT

SIGNATURE DUMP INSERT DESIGN

- Built for your 6'6" or 8" Pick-Up Bed
- 21" Side Wall Height
- 21" Tailgate Height
- Steel Subframe for Superior Support

Voth's signature dump insert design is available in standard steel or aluminum. With a one-piece floor unibody design, smooth understructure and low mounting height, Voth's unibody design is created for heavy duty service, without turning your truck in to an oversized dump truck. The low mounting height of this unibody allows for a low center of gravity and increased stability on the road and the job site. The original all steel unibody provides a heavy-duty, hard working truck design without sacrificing efficiency and functionality. Joined by it's all aluminum counterpart, the aluminum unibody offers a lightweight
